SCHOOL REPORT.

Report of the School Board of the town of Woodstock for the year ending 1891.

We the undersigned respectfully submit the following report.

The schools in town the year past, have been generally effective and satisfactory, at the center of the town the new school house was used the latter part of the fall term, It seems now as though the district is well supplied with school houses; and houses that the citizens are proud of, and an honor and credit to the town.

At the Center, two terms have been taught, the first or Summer term, was under the management of Miss May E. Burpee, Miss Burpee proved herself to be a hard worker at her calling, and we think her efforts were not in vain. Average daily attendance 20 9-50 out of 23 registered, showing a gain in average attendance over previous year. Length of term ten weeks.

The second or fall term was under the supervision of Miss Hattie Hanson, of Lincoln, N. H. Miss Hanson taught a very successful term of school, and proved herself to be an experienced teacher, and had the school well under her control, average attendance 19 of 21 registered which shows Fall term was well attended. Length of term ten week' Roll of perfect attendance first term.

Blanche E. Fox, Edith Schofield, Frank Woodbury, Isaac V. Sawyer, Isabell Gray, Eliza M. Bagley, John S. Gray, Harry D. Sawyer.

Roll of Perfect attendance second term.—Isabell Gray, Edith L Schofield. Isabell Sawyer, Frank H. Woodbury, Danforth Sawyer, Harry D Sawyer, Alice Peaslee, Susie E Tucker, Annie Sawyer, John S. Gray, Isaac V. Sawyer.

Two terms were taught at North Woodstock. The first was under the instruction of Miss Charlotte H. Clark, a teacher of good ability and who gave perfect satisfaction. Roll of perfect attendance——Clara V. Clark, Winnie D. Fowler, Flossie M. Howland, Annie B. Howland. Ellen B. Howland, Harry C. Clark, Hollis S. Gordon, Wilber S. Gordon, Thomas F. Sawyer, Joseph B. Sawyer, Freddie W. Smith, Harry W. Smith.

The second term was taught by Miss M. Gertrude Wright, a young teacher, who was well qualified for her work in the school room. Roll of perfect attendance——Charlie W. Clark, Freddie W. Smith.

There were two short terms in what was formerly district No. 5 taught by Mrs. Alice E. Sawyer. The School was very small and the schollars small, but good progress was made. Roll of perfect attendance——Omar E. Sawyer.

Second term——Omar E. Sawyer, Lula E. Avery.

SAMSON'S PATENT RAILWAY HORSE POWER

With Speed Governor for One or Two Horses.

Drive wheel can be placed on either side; constructed so as to run machinery in small shops; also, for threshing, sawing wood, grinding feed, elevating grain, pressing hay, pumping, churning, shelling corn, cutting ensilage, ginning cotton, and all other machinery that admits of being driven by horse power.

THE BEST FARM POWER MADE.

Very still running and perfectly safe for a horse, nicely finished and an ornament to any place in which they may be located. In saying that this is the best Railway Horse Power ever made, is not overestimating this or underrating others, and we shall hold ourselves in readiness to prove, by the machines and their operation, that such is the fact.

Our price is low for cash, and any one in want of a horse power, drag saw machine, or a thresher and separator for cleaning grain, will do well to send to us for a catalogue giving description and price of our machines.

BRADLEY'S

TRADE

MARK.

FERTILIZERS

ABSOLUTELY THE BEST.

Quality never varies. Thirty-one years' actual test in the field proves them to be unequalled for producing the largest possible yield of fine quality Grain, Vegetables, and Fruits. The purity of the component materials, and the scientific accuracy with which they are combined, make the Bradley Fertilizers the most perfect, as well as the most economical, plant-food a farmer can use.

For full descriptions of the Standard Fertilizers manufactured by us, progressive farmers are requested to send for a copy of our "Bradley's American Farmer," which will be sent free to any address.
